

# Proposal: Minecraft Minequest Server for Magor Union!

## Objective:

This proposal requests **900,000 TLM** in funding to launch and maintain a **Magor Minecraft Minequest server** for **12 months**. The project will feature **daily quests, weekend challenges, and special building quests**, rewarding players with **MAG tokens**. Additionally, players will have the option to **stake Alien Worlds NFTs** while participating in quests to earn a larger share of the reward pool.

## Funding Breakdown (900,000 TLM)

	Expense	Monthly Cost (in TLM)	Total for 12 Months (in TLM)
Management	Minequest Service - Server, Server Hosting, and Website (\$150/mo)	25,000 TLM	300,000 TLM
	Server & Quest Management (setup, crafting, maintenance)	10,000 TLM	120,000 TLM
Questing / Rewards Pool	Daily Quest Rewards (1,000 MAG per day for 20 days / month)	20,000 TLM	240,000 TLM
	Weekend Quest Rewards (3,000 MAG per week for 4 times a month)	12,000 TLM	144,000 TLM
	Special Building Quest (1 per month)	8,000 TLM	96,000 TLM
Total Requested		75,000 TLM	900,000 TLM

*USD values calculated using the 2-week low price of TLM on CoinMarketCap: \$0.006*

## Implementation Plan & Timeline

- **Upon Approval:**
  - A new Minecraft server will be secured for 12 months.
  - Minecraft questing services including website and hosting will be secured for 12 months.
  - Initial server configuration and quest setup will begin.
- **Within 2 Weeks:**
  - The server will undergo testing to ensure quest tracking and reward/staking automation function correctly.
  - An official launch announcement will be made across Alien Worlds Discord, Telegram and other community channels.
- **Ongoing (12 Months):**
  - **Daily Quest (Monday to Friday - 20 quests per month):** 1,000 MAG daily reward pool, distributed equally among all participants who complete the quest.
  - **Weekend Quest (Saturday & Sunday - 4 quests per month):** 3,000 MAG reward per quest, shared equally among all participants who complete it.
  - **Special Building Quest (1 quest per month):** A unique and fun monthly quest with an 8,000 MAG reward pool, distributed among the top winners based on performance.

Note: Players can stake required Alien worlds NFT while joining the quest and will get additional rewards. The NFT will be returned to the player with quest rewards when the quest is completed.

## Continuous Improvements:

- Regular updates and optimizations to **quests, crafting mechanics, and reward distribution** based on **player engagement and market conditions**.
- Active monitoring to enhance gameplay experience and sustain community interest.

## Server Mechanics & Engagement Strategy:

- **Daily Quests:**
  - Automatically tracked and rewarded..
  - Bonus quests will be available to compensate for any missed quest..
- **Special Building Quests:**
  - Designed to be more gameplay intensive and engaging, encouraging creative and strategic builders.
  - Offers fun, interactive challenges to keep the players engaged.
- **Server Environment:**
  - No mods packs (like x-ray, etc) - maintaining a pure Minecraft gameplay experience.
  - Built for long term engagement and sustainability, seamlessly integrating Alien Worlds in a fresh and immersive way.

## **Community Benefits:**

- Bridges the Alien Worlds and Minecraft Communities, fostering engagement and long term players retention.
- Integrates Alien Worlds NFT Staking, adding utility and value to in game assets.
- Ensure fair and transparent rewards, promoting sustainability and long term participation.
- Offers a structured and rewarding experience for both casual and dedicated players.

## **Minecraft Minequest Integration**

This integration serves as both a **community-building initiative** and an **NFT Staking mechanism**, aligning with Alien Worlds' vision for decentralized storytelling and gamification.

By funding this proposal, **Magor Union will lead an innovative engagement strategy**, combining blockchain gaming mechanics with the immersive and widely popular Minecraft multiplayer experience.
